WE BELIEVE, YOUR RECOVERY MEANS
MORE THAN JUST PHYSICAL.

At Laredo Specialty Hospital, we **BELIEVE** your recovery means more than just physical - it is also a very **EMOTIONAL** experience. Patients need a **CARING** and highly trained medical team to **RECOVER** and regain **INDEPENDENCE**.

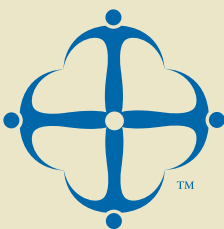

At our 60-bed facility, we provide **ADVANCED** long-term acute care including **INTENSIVE CARE** for patients who require additional time to heal from catastrophic injury or illness such as trauma, respiratory failure or amputation.

And we are **PROUD** to be the only facility offering long-term acute care in the greater Laredo area.

Call **956.753.5353** to schedule a tour, or you can visit us online at **LSH.ernesthealth.com**. We welcome tours of the hospital every day of the week.
